**Precision Transmission Center Receives 2013 Best of Daytona Beach Award**

Daytona Beach Award Program Honors the Achievement

DAYTONA BEACH December 3, 2013 -- Precision Transmission Center has been selected for the 2013 Best of Daytona Beach Award in the General Automobile Repair category by the Daytona Beach Award Program.

Each year, the Daytona Beach Award Program identifies companies that we believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Daytona Beach area a great place to live, work and play.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2013 Daytona Beach Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Daytona Beach Award Program and data provided by third parties.

About Daytona Beach Award Program

The Daytona Beach Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Daytona Beach area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

The Daytona Beach Award Program was established to recognize the best of local businesses in our community. Our organization works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups. Our mission is to recognize the small business community's contributions to the U.S. economy.
